## **Management Discussion & Analysis Report**

### Economy

The Covid-19 pandemic has impacted most countries, including India. This resulted in countries announcing lockdown and quarantine measures that sharply stalled economic activity. Several countries took unprecedented fiscal and monetary actions to help alleviate the impact of the crisis.

Government of India had announced various measures to support the economy during this period. The Reserve Bank of India had also announced several measures to ease the financial system stress, including enhancing system liquidity, reducing interest rates, moratorium on loan repayments for borrowers, asset classification standstill benefit to overdue accounts where a moratorium had been granted amongst others to alleviate the economic stress induced by the pandemic which had an impact across sectors that were already showing signs of a slowdown even before the outbreak.

In the second half of fiscal 2021, global financial markets remained largely buoyant, fuelled by optimism around a speedy vaccine-led recovery. Growing inflation concerns over fiscal stimulus amidst extremely accommodative monetary policies rattled global bond markets in February 2021. Long-term sovereign bond yields jumped sharply in the US and induced bouts of volatility across financial markets and regions of the world. The consequent yield curve steepening resulted in portfolio reallocation and corrections in equity prices. Despite the recent declines, stock indices remain elevated on anticipation of stronger recovery. Domestic financial markets continued to post recovery in market activity amidst easy liquidity conditions. Nevertheless, concerns about a surge in infections in a few states, global bond sell-off, the large government borrowing and uncertainty about the pace and scale of economic recovery kept market sentiments subdued. However, Union Budget 2021 has provided a strong fillip to Capital expenditure with clear emphasis on infrastructure investment as a key sector to revive demand and overall growth

### **INDUSTRY STRUCTURE AND DEVELOPMENTS**

The NBFC sector plays a critical role in financial inclusion as it caters to a wide range of financial activities particularly in areas where commercial banks have limited penetration. NBFCs are expected to play a crucial role in fostering inclusive growth, especially in sectors like MSMEs. The quality of assets of the NBFC sector has, however, showed steady deterioration since 2012, though their NPAs have remained relatively lower than those of the banking sector.

The challenges for the NBFCs have moved from the liability to the asset side in terms of liquidity and asset quality with the outbreak of Covid19. The liquidity covers of NBFCs is largely dependent on collections and the ability to raise resources. The collections of NBFCs witnessed decline during the six month moratorium on the payment of instalments in respect of all term loans to their borrowers for the period from March 1, 2020 to August 31, 2020, as ~45% of total outstanding loans were under moratorium as on August 31, 2020. The Reserve Bank of India's Financial Stability Report (FSR) in January estimated that gross bad loans of banks in India would rise to 13.5 per cent by September from 7.5 per cent in the year-ago month under the baseline scenario.

## OPPORTUNITIES AND THREAT

### Opportunities

- Under-penetration of financial services / products in India offers growth opportunities.
- The penetration of NBFC credit & wealth management business in India is lower as compared to the total credit penetration and total wealth management business across the globe.
- Tremendous brand strength and extensive reach.
- The infrastructure segment is expected to see sustained growth with a significant thrust being given by the Government to this sector.

### Threats

- Competition from local and multinational players
- Regulatory changes
- to maintain high quality book as portfolios grows retail
- Attraction and retention of human capital
- Investments in direct plans by investors for the wealth business

## BUSINESS OVERVIEW AND PERFORMANCE - PRODUCT WISE

Registered Office being in Delhi, Supraneet Finance & Consultants Limited (“the Company”) provides quality financial services to the entities. The Company operates through the array of following business segments:

- Corporate Finance Group
- Business Loans

The overall loan portfolio of the Company increased from Rs. 375 Lacs in FY 2018-19 to Rs. 383 Lacs in FY 2019-20.

### i) Corporate Finance Group (CFG)

- Corporate Finance Group offers customized financing solutions to meet working capital and term financing needs of its Associate Companies. CFG vertical has emerged as a formidable force in the lending space and has created a niche for itself especially in the structured finance segment.

### ii) Business Loans.

- The Unsecured Lending business caters to the financing needs across the spectrum of various entities.

## **CAPITAL ADEQUACY RATIO (CAR)**

The Net worth of the Company as at March 31, 2021 was Rs. 363.15 Lacs as against Rs. 358.28 Lacs in the previous year. Total borrowing outstanding as at March 31, 2021 was nil (previous year Rs. 58.85 Lacs).

## **OUTLOOK**

NBFCs have been playing a very important role from the macroeconomic perspective and as a core catalyst in the Indian financial system. With the launch of government-backed schemes (such as the Pradhan Mantri Jan-Dhan Yojana [PMJDY]), there has been a substantial increase in the number of bank accounts. The government and regulatory bodies have taken decisive steps to increase this number (and subsequently financial access) by granting in principal licenses to as many as 21 players to establish specialty banks over the next 18 months.

The introduction of such specialized players and systems will truly transform the banking value chain in its entirety. This presents a strategic opportunity for NBFCs to ensure sustainable growth over a long term. The reach of NBFCs, along with their strong understanding of the market, can help them position themselves as a better alternative to the traditional ways of financing.

## **OUTLOOK ON DOMESTIC GROWTH**

The markets will continue to grow and mature leading to differentiation of products and services. Companies will have to evolve their customer acquisition and engagement in post COVID economy and each financial intermediary will have to find niche in order to add value to consumers. The Company with the distribution that is built over the years and committed workforce is cautiously optimistic in its outlook for the year 2021-2022

## **RISKS AND CONCERNS**

The Company's risk philosophy involves developing and maintaining a healthy portfolio within its risk appetite and the regulatory framework. While it is exposed to various types of risks, the most important among them are credit risk, market risk (which includes liquidity risk and price risk) and operational risk. The measurement, monitoring and management of risks remains a key focus area for the Company.

Company's risk management strategy is based on a clear understanding of various risks, disciplined risk assessment and measurement procedures and continuous monitoring.

## **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The Company has adequate internal controls systems and procedures covering key financial and operating functions commensurate with the size and nature of operations to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and that the transactions are authorized, recorded and reported correctly. The Company carries out regular internal audit, policy reviews, guidelines and procedures to ensure that the internal control systems are adequate to protect the Company against any loss or misuse of the Company's assets.

## INDEPENDENT AUDITOR'S REPORT

To The Members of  
Supraneet Finance and Consultants Limited

### Report on the Audit of the Standalone Ind AS Financial Statements

#### Opinion

We have audited the standalone financial statements of Supraneet Finance and Consultants Limited, which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year then ended.

#### Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

#### Emphasis of Matter

We draw attention to Note 28 of the financial statements, which describes that the certificate of registration issued to the company under section 45-1A (6) of RBI Act has been cancelled by Reserve Bank of India. Our opinion is not modified in respect of this matter.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## **Information other than the Ind AS Financial Statements and Auditor's Report Thereon**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Management's Responsibility for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (i) Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- (ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (v) Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of sub-section (11) of section 143 of The Companies Act 2013, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c. The Balance Sheet, Statement of Profit and Loss (including other Comprehensive income), Statement of changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
  - d. In our opinion, the aforesaid Ind AS financial statements comply with Indian Accounting Standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

- e. On the basis of written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i) The Company does not have any pending litigations which would impact its financial Position.
  - ii) The Company does not have any long-term contracts requiring a provision for material foreseeable losses.
  - iii) The Company does not have any amounts required to be transferred to the Investor Education and Protection Fund.

## Annexure 'A' to the Auditors' Report

Annexure referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our Report of even date.

- (i)
  - (a) The company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (b) All the assets have been physically verified by the management during the year at regular intervals according to a regular program of verification which, in our opinion, is reasonable having regard to the size of the company and nature of its assets. No material discrepancies were noticed on such verification.
  - (c) Since the company is not in the possession of any immovable property hence this clause is not applicable.
- (ii) The company is a service company. Accordingly, it does not hold any physical inventories. Thus, paragraph (ii) of the order is not applicable to the company.
- (iii) The company has granted loan to 2 body corporate covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act')
  - (a) In our opinion, the rate of interest and other terms & conditions on which the loans had been granted to the bodies corporate listed in the register maintained under section 189 of the Act were not, prima facie, prejudicial to the interest of the company.
  - (b) The said loan does not carry any stipulation for repayment and is stated to be repayable on demand and hence we are not able to comment on the regularity of repayment of the said loan.
- (iv) The company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made.
- (v) The company has not accepted any deposits from the public and hence para (v) is not applicable.
- (vi) According to the information and explanations given to us, in our opinion the maintenance of cost records have not been prescribed for the company by the Central Government under subsection (1) of section 148 of the Companies Act.
- (vii)
  - (a) The company is regular in depositing with appropriate authorities undisputed statutory dues including Income Tax, Service Tax, Cess and other statutory dues applicable to it. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax (VAT), goods & services tax, cess and other statutory dues as applicable were in arrears as at 31<sup>st</sup> March'2021 for a period of more than six months from the date they become payable.
  - (b) According to the information and explanation given to us, there are no dues of service tax, income tax, goods & services tax, cess and other statutory dues as applicable which have not been deposited on account of any dispute.

- (ix) The company has not raised any money by way of Initial Public Offer (IPO) or further public offer (including debt instruments). The company has not taken any term loan.
- (x) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud on or by the company, noticed or reported during the year, nor have we been informed of such case by the management.
- (xi) According to the information and explanations given to us and based on our examination of the records of the company, the company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with schedule V to the Act.
- (xii) The company is not a nidhi company & hence paragraph (xii) of the order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standard.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the company, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xv) The company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph (xv) of the order is not applicable.
- (xvi) The company is registered under section 45-IA of the Reserve Bank of India Act 1934 vide registration no. B-14.02554 dated 01.02.2002. The certificate of registration has been cancelled by RBI due to not meeting the Net owned fund requirement of Rupees Two hundred lakhs as required to be maintained by non-banking financial company. However, as per RBI Order the company still continues to be governed by the relevant provisions of the Reserve Bank of India Act, 1934 and various directions/instructions issued by RBI from time to time.

## **Annexure - B to the Auditors' Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of M/s Supraneet Finance and Consultants Limited ("the Company") as of 31<sup>st</sup> March 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these Ind AS financial statements.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records

of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**A General Information**

Supraneet Finance and Consultants Limited (or 'the Company') is a public limited company domiciled in India and incorporated under the provision of the Companies Act 1956. The Company is listed on the Metropolitan Stock Exchange Limited. The Company is carrying on the business of Non Banking Financial institution under section 45-IA of the Reserve Bank of India Act, 1934 (RBI Act). The certificate of registration has been cancelled by RBI due to not meeting the Net owned fund requirement of Rupees Two hundred lakhs as required to be maintained by non-banking financial company. However, as per RBI Order the company still continues to be goverend by the relevant provisions of the Reserve Bank of India Act, 1934 and various directions/instructions issued by RBI from time to time.

**1 Significant accounting policies**

**1.1 Basis of preparation and statement of compliance :**

The financial statements have been prepared to comply in all material respects with the Notified accounting standard under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on an accrual basis.

The accounting policies have been consistently applied by the Company except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured as fair values at the end of each reporting period as explained in the accounting policies below.

Historical Cost is generally based on the fair value of the consideration given in exchange of goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the assets or liabilities either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements were authorised for issue by the Company's Board of Directors on 29th June 2021.

**1.2 Use of estimates and judgements :**

The preparation of financial statements in conformity with Ind AS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

**1.3 Property Plant and Equipments (PPE):**

Property plant and Equipments are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of PPE which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Subsequent expenditure relating to fixed assets is capitalized only if such expenditure results in an increasing in the future benefits from such assets beyond their its previously assessed standard of performance.

Tangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "Capital Work in Progress". Leasehold Land is amortized over the period of lease proportionately.

**1.4 Intangible assets**

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably.

Intangible assets are stated at original cost less accumulated amortisation and impairment losses, if any

The Intangible assets are amortized over their respective individual estimated useful life on a straight line basis, commencing from the date the asset is available to the Company for its use. The amortization period are reviewed at the end of each financial year and the amortization method is revised to reflect the changed pattern.

**1.5 Depreciation:**

Depreciation on PPE is provided on the straight-line basis at the rates specified in Schedule II of the Companies Act, 2013.

**1.6 Financial Instruments**

**(i) Initial recognition**

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

**(ii) Subsequent Measurement**

**a) Financial assets carried at amortized cost**

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**b) Financial assets carried at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

**c) Financial assets carried at fair value through profit or loss**

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

**d) Financial liabilities**

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance sheet date, the carrying amount approximate fair value due to the short maturity of these instruments.

**e) Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

**(iii) Derecognition of financial instruments**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

**(iv) Fair value of financial instruments**

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The method used to determine fair value include available quoted market prices and discounted cash flow analysis. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximates fair value due to the short maturity of these instruments.

**1.7 Classification of financial assets**

Classification of financial assets depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

**The Company classifies its financial assets in the following measurement categories:**

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

**A financial asset that meets the following two conditions is measured at amortised cost unless the asset is designated at fair value through profit or loss under the fair value option :**

- Business model test : the objective of the Company's business model is to hold the financial asset to collect the contractual cash flows :
- Cash flow characteristic test : the contractual term of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option:**

- business model test : the financial asset is held within a business model whose objective is achieved by both collecting cash flows and selling financial assets.
- cash flow characteristic test : the contractual term of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value through profit or loss.

**1.8 Revenue recognition:**

The Company recognises revenue when the Company satisfies a performance obligation by transferring a promised service (i.e., an asset) to a customer. An asset is transferred when the customer obtains control of that asset and it is probable that the Company will collect the consideration to which it will be entitled in exchange for the services that will be transferred to the customer.

Revenue is measured at the transaction price. The transaction price is the amount of consideration, taking into account contractually defined terms of payment and its customary business practice, to which Company expects to be entitled in exchange for transferring promised services to a customer, excluding amounts collected on behalf of third parties i.e excluding taxes or duties collected on behalf of the government.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

**Other Income**

Dividend income from investments is recognised when the right to receive payment has been established (provided that it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably).

**1.9 Employee Benefits:**

**(i) Short term employee benefits :**

All employee benefits due wholly within twelve months of rendering of services are classified as short term employee benefits. Benefits like salaries, wages, leave salary, contribution to Provident Fund/ Employee State Insurance contributions etc. paid or payable during the reporting period and the expected bonus expense are recognised as an expense on an undiscounted basis in the period in which the employee renders the related service.

**1.10 Taxes on Income:**

The accounting treatment followed for taxes on income is to provide for Current Income Tax and Deferred Income Tax. Income tax expense is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior period is the aggregate amount of income tax determined as payable in respect of taxable income for the period, using the tax rates and tax laws that have been enacted or substantially enacted by the Balance Sheet date. Deferred Income Tax asset and liability are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred Income tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred tax are not provided on the undistributed earnings of subsidiaries where it is expected that the earnings of the subsidiary will not be distributed in the foreseeable future. The Company offsets current tax asset and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

**1.11 Provisions**

**i) Provision is recognised (for liabilities that can be measured by using a substantial degree of estimation) when:**

- a) the Company has a present obligation as a result of a past events.
- b) a probable outflow of resources embodying economic benefits is expected to settle the obligation ; and
- c) the amount of the obligation can be reliably estimated.

**ii) Contingent liability is disclosed in case there is ;**

- a) possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company : or
- b) a present obligation arising from past events but is not recognised because :
  - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation : or
  - (ii) a reliable estimate of the amount of the obligation cannot be made.

**1.12 Impairment**

**(i) Financial assets**

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing components is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of Profit and Loss.

**(ii) Non-financial assets**

**Intangible assets and property, plant and equipment**

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment loss to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

#### 1.13 Earning per share (EPS)

Basic EPS are computed by dividing the net profit or loss for the period attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earning per equity share are computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

#### 1.14 Leases

##### As a Lessee

The Company has lease contracts for offices.

The Company assesses whether a contract contains a lease at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset, (2) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease, and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a ROU asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases.

For short-term leases and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease. The lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the future lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest.

**1.15 Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

**2 Recent Accounting Pronouncements**

Standards issues but not yet effective : Ministry of Corporate Affairs (MCA) notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2021.

**24 Capital Management**

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company.

The Company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and long-term/short-term borrowings.

Capital of the company is equity as on 31st March, 2021 Rs.363.15 Lakhs (as on 31st March, 2020 Rs.358.28 Lakhs)

**25 Disclosures on financial instruments**

This section gives an overview of the significance of financial instruments for the Company and provides additional information on balance sheet items that contain financial instruments.

The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognized, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 2 to the financial statements.

**a) Financial Assets and liabilities**

The following table presents the carrying amounts and fair value of each category of financial assets and liabilities as at March 31, 2021.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below.

Quoted prices in an active market (Level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of quoted equity shares, quoted corporate debt instruments and mutual fund investments.

Valuation techniques with observable inputs (Level 2): This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e; as prices) or indirectly (i.e; derived from prices). This level of hierarchy include Company's over-the-counter (OTC) derivative contracts.

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

There has been no transfers between level 1, level 2 and level 3 for the years ended March 31, 2021 and 2020.

Assets Measured at Fair Value	Fair Value Measurement as at 31st March, 2021 Using			
	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets				
Investments in Equity Instruments	9.00	-	-	9.00

Assets Measured at Fair Value	Fair Value Measurement as at 31st March, 2021 Using			
	Total	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets				
Investments in Equity Instruments	7.20	-	-	7.20

The short-term financial assets and liabilities are stated at amortized cost which is approximately equal to their fair value.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

**b) Financial risk management**

In the course of its business, the Company is exposed primarily to liquidity and credit risk, which may adversely impact the fair value of its financial instruments.

The Company has a risk management policy which covers the risks associated with the financial assets and liabilities such as credit risks. The risk management policy is approved by the board of directors.

**i) Market risk**

**Equity Price risk**

Equity Price Risk is related to the change in market reference price of the investments in equity securities.

The fair value of the Company's investments measured at fair value through profit & loss account exposes the Company to equity price risks. These investments are subject to changes in the market price of securities. The fair value of Company's investment in unquoted equity securities as at March 31, 2021 and 2020 was Rs.9 Lakhs, Rs.7.20 Lakhs respectively. A 10% change in equity price as at March 31, 2021 and 2020 would result in an impact of Rs.0.90 Lakhs and Rs.0.72 Lakhs respectively.

(Note: The impact is indicated on equity before consequential tax impact, if any).

**ii) Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

Financial instruments that are subject to concentrations of credit risk, principally consist of investments classified as fair value through profit or loss, trade receivables, loans and advances and derivative financial instruments. None of the financial instruments of the Company result in material concentrations of exposure to credit risks.

**Supraneet Finance and Consultants Limited****Notes to financial statements for the year ended March 31, 2021****Exposure to credit risk**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was Rs.333.79 Lakhs as at March 31, 2021, Rs.384.19 Lakhs as at March 31, 2020, being the total of the carrying amount of loans, balances with banks, short term deposits with banks, trade receivables, finance receivables, margin money and other financial assets excluding equity investments.

None of the Company's cash equivalents, including time deposits with banks, are past due or impaired. Regarding trade receivables and other receivables, and other loans or receivables that are neither impaired nor past due, there were no indications as at March 31, 2021, that defaults in payment obligations will occur.

**iii) Liquidity risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit and liquid and liquid plus schemes of mutual funds, which carry no/low mark to market risks.

The table below provides details regarding the contractual maturities of financial liabilities, including estimated interest payments as at March 31, 2021:
